Job Application for Senior Software Engineer

Dear Mr./Ms./Dr. George,

About Me Thank you for the opportunity to apply for the Senior Software Engineer role at your company. After reviewing your job description, it's clear that you're looking for a candidate that is extremely familiar with the responsibilities associated with the role, and can perform them confidently. Given these requirements, I am certain that I have the necessary skills to successfully do the job adeptly and perform above expectations.

Why Google? I am an adaptable professional who has been consistently praised as quality-oriented by my co-workers and management. Over the course of my 25-year career, I've developed a skill set directly relevant to the Senior Software Engineer role you are hiring for, including application development, advanced technology, and server architecture. Overall, I have consistently demonstrated problem-solving, critical thinking, and multitasking abilities in every aspect of my Senior Software Engineer role at ClearOne, and I invite you to review my detailed achievements in the attached resume.

Why Me?

After reviewing my resume, I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on my specific skills and abilities will benefit your organization. Please contact me at (801)369-1012 or via email at swgunxdev@yahoo.com to arrange for a convenient meeting time.

Thank you for your consideration, and I look forward to hearing from you soon,

Sincerely,

Spencer George
